

NSW Premier and former club member Nathan Rees took his shoes off and relaxed with club members at our Barefoot Bowls event on Sunday 21 September 2008 at the Toongabbie Sports & Bowling Club.

After a hard day at the office the Premier dropped in to help us celebrate the 30th Anniversary of our great club. After meeting many of our members he took his shoes off and hit the bowling green for a few bowls. He hung around for over an hour before making the opening speech at our 30th Anniversary Dinner.

With all that he has on his plate at the moment having taken over the State at a time of crisis it was great to see him take time out of his busy life to support his former athletics club.
